

Mr Moore is being
lambasted by the GOP
for his documentary
that people had to
go PAY to see; this
is a blatant abuse
of television "news"
to offer this right
on peoples
televisions as news
& for FREE, right
into the homes.

If they believe that
this is truly news,
then they should
likewise air
Fahrenheit 911.
THIS documentary
shows the CURRENT
history of the Bush
family whereas the
Kerry program is
about OLD news. 911
is more releant to
what the current
administraton is up
to RIGHT NOW!
